CORKERS
BRITISH GOOD TASTE

SIMPLY
SEA SALT

We grow our own potatoes

Corkers Crisps evolved on the Taylor family potato farm in the Fenlands of Cambridgeshire.

Farm and factory are next door to one another, and the Taylors have been growing potatoes there for 6 generations in the nutrient filled rich peaty soil of the Fens.

Out of this world!

Corkers launched the first pack of crisps into space!

Corkers Crisps' potatoes are cut thinner than other premium crisps, which gives a higher crisps count per pack, and that fabulous Corkers crunch!

It's all about

Crunchy
